

Isaiah 8

1. Trust in God vs. Trust in Human Power

Ahaz trusted Assyria instead of God — and Assyria became the very threat that nearly destroyed Judah.

2. God's Word Is the Only Safe Guide

Seeking alternative spiritual voices leads to darkness and despair.

3. God Is Both Sanctuary and Stone

Your relationship to God determines whether He is your refuge or your downfall.

4. Judgment and Hope Intertwined

Even in warning, God preserves a faithful remnant who cling to His testimony.
